

CHI Memorial's Mobile Health Program

makes it easy to get your annual mammogram screenings

All women should have a baseline screening mammogram between ages 35 to 40. After 40, annual screenings are recommended.

Please bring the following to your appointment:

- Your doctor's full name
- Driver's license or state ID
- Insurance card, if insured
- Completed registration form

No Insurance? No Problem!

Screening mammograms are covered for eligible women year-round. Financial assistance for those who are under-insured.

More information and registration forms available at memorial.org/MELBCMobile

No restrooms on the coach
